We have recently started an online classroom program to help final and pre-final year students polish their problem solving skills. Over 10,000 developers have appeared to be a part of the program.
We wanted to reach out to you and explore possibilities of you joining us as Teaching Partners of InterviewBit Academy.

Before we can get started with your on-boarding procedure, here are some insights about the role to be performed during your tenure of services.

1. This is a paid engagement. You will be paid 25,000 INR per month for this role.
2. Teaching Assistant at InterviewBit Academy is a 6 Months long commitment.
3. As a TA with IB Academy you would have to invest 2-3 hrs daily 5 days a week on your students
4. The classes would happen from 9PM to 12AM every night. You need to be present from 10PM to 12PM (Tentative time-slots).
5. You would be teaching a batch of 25 students, 2019/2020 graduates.
6. Every batch of 25 would have 2 TA's to ensure no single person is over burdened

However, this would be an enriching and fruitful experience as you will be teaching some of the best minds in India.
We can guarantee it would be an experience unlike anything you have been through before.
If you believe you would be able to take responsibility of 25 careers for a period of 6 months :)
